Tennessee General Assembly – Senate Introduction – Territorial Assembly – One – Hundredth Sixth Assembly

One-thousand seven hundred sixty-four (1,764) men and women have served in the Tennessee General Assembly as state senator. The last comprehensive list of Members of the Tennessee General Assembly was published in 1890, in the book **Official and Political Manual of the State of Tennessee** by Charles A. Miller. This Manual listed Members of the Tennessee General Assembly State Senators and Representatives from the Territorial General Assembly (August 5, 1794 – July 11, 1795) and the First General Assembly (March 28, 1796) thru Forty-seventh General Assembly which adjourned September 21, 1891 on pages 197 – 248.

Listed is every Senator of the Tennessee General Assembly from the Territorial General Assembly (August 5, 1794 – July 11, 1795) to the One Hundredth –Sixth General Assembly which adjourned June 10, 2010. I have also found most members of the elusive Tenth General Assembly (1813 – 1815 because there was no printed or written Senate Journal found) in the book **Messages of the Governors of Tennessee** volume 1, 1796 – 1821 by Robert H. White.

Listed at the beginning of each General Assembly is the number of that Assembly, the city where the Assembly was convened, dates convened for regular and special sessions, dates of adjournment of all sessions, the Speaker of the Senate, and the Chief Clerk if known. Also listed is the General Assembly if it was known by a special name (Territorial General Assembly – 1794, Confederate General Assembly – 1861 and Brownlow/Reconstruction Legislature – 1865).

Special notes are listed for the following General Assemblies:

Thirty-Fourth General Assembly (Reconstruction Assembly 1865) – First Assembly to divide the counties by legislative districts and numbers

Forty-Third General Assembly – (1883) – First Senate Assembly to have thirty-three members as comprises the present day Senate

Forty-Fifth General Assembly – (1887) – First Assembly to list political party affiliations

Sixty-Second General Assembly – (1921) – First General Assembly with ninety-five counties. James County abolished 1919, and the first woman elected to the Tennessee General Assembly – Senate (Anna L. Worley – Sullivan and Hawkins Counties)

Eighty-Sixth General Assembly – (1969) – First African–Americans elected to the State Senate (Avon N. Williams, Jr. – Davidson County and James O. Patterson, Jr. – Shelby County)

Ninety-Seventh General Assembly – (1991) – First African–American woman elected to the State Senate (Thelma Harper – Davidson County)

If a state senator died in office or resigned I have tried to note this date and the date his or her replacement was elected or appointed to office. Despite extensive research the following counties Senators could not be found (Benton – 23rd; Carter – 10th; Cumberland – 37th; Dickson – 17th; Jackson – 10th; Lake – 40th; Obion – 40th; Overton – 10th; Union – 37th; and Van Buren – 29th)
