<b>Section VI</b>	Miscellaneous Statistics .....	91
<b>Appendix</b>	Data Collection Form, Instructions and Definitions.....	

## INTRODUCTION

The 2005-2006 public library statistics were collected from each public library in Tennessee on a data collection form. A reduced-size copy of the form, instructions and definitions may be found in the Appendix.

The data collected conform to the national data format with definitions created by the Federal State Cooperative System (FSCS), a federally-funded program established to collect and publish accurate, consistent and comparable public library statistics annually from each state.

Because the FSCS timelines were advanced to provide more timely data, the libraries' figures were run through the edit checks provided by the FSCS WebPlus software prior to this publication. This change in procedure has resulted in some corrections, and thus better published data.

Again this year the presentation of these figures would not be possible without the collection and development work of the local library directors and their treasurers or bookkeepers along with the regional data coordinators who check and enter the data for their libraries.

All persons in the state are included within the service area of a full-service library and thus the population of each county is assigned to one or more full-service library. The population figures for the full-service libraries reflect the "Official Public Library Service Area" population submitted to each library board in the summer of 2005 for review and adoption. Only full-service libraries, as defined in the Tennessee Minimum Standards for Non-Metropolitan Libraries, Revised 2003 (see pages 5 - 9), are assigned an official service area population. Information about the population assignments can be obtained upon request at the regional libraries.

For FY 2004-05 the Tennessee Public Library Statistics were revised to include more information in the state report. As a result, several changes were made to the layout of the report. The new report is organized into six sections and each section is listed alphabetically by region, then by city and finally by library name:

**Section I: Income.** This section contains total local, state, federal, other and capital income for each library system. Population figures and per capita data are also included in this section. These are the (green) pages in the printed report.

**Section II: Expenditures.** This section contains operating and capital expenditures for each library system. Population figures and per capita data are also included in this section. These are the (pink) pages in the printed report.

**Section III: Staff and Service Hours.** This section contains a breakdown of library staff in FTE's and the total annual service hours per year for each library system. These are the (yellow) pages in the printed report.

**Section IV: Services.** This section contains service information including registered borrowers, annual attendance, circulation, reference, programs and program attendance for each library system. These are the (white) pages in the printed report.

**Section V: Collection (there are two parts to this section).** This section contains the collection materials breakdown for each library system. Each type of material shows the number of local and regionally owned items separately. The number of E-books and databases were included in the totals for “Other” materials. Due to the large scope of information in this section, it was separated into two parts (I & II). Part I covers books, audio, and video materials. Part II covers other and total materials. Serial materials and Interlibrary Loan information is also included in Part II. The square footage for each library building is included in both parts of this report. These are the (blue) pages in the printed report.

**Section VI: Miscellaneous.** This section contains Friends of the Library data, Tennessee Library Card Membership, accessible weekend/evening hours and Internet access and use information. These are the (melon) pages in the printed report.

### **Branch Libraries**

For FY 2005-06, branch library names are included in each of the sections listed above. These branches are in lower case lettering and are listed immediately following their main library. Main libraries are indicated by the (S) following the city name for the Main library.

For sections I, II, III, IV, and VI, the branch totals are included in the main library totals and therefore an N/A will appear for the branch data. In section V (Collection, Parts I & II), the square footage and total library volumes is included for those branches that were reported.

### **Additional Notes:**

Independent libraries are not a part of a regional library system.

Two former branch libraries, Arlington and Millington, became Independent libraries in FY 04-05. Arlington was renamed Sam T. Wilson Public Library.

Eagleville Bicentennial Public Library became a branch of Linebaugh Public Library.

(S) = Main library of a system with branches. Names of branches are listed under main library. Main library totals are for the entire library system and include branch totals in the figures.

Zero (0) in population field = Official Service Area Population assigned only to full service libraries, not to community service libraries.

\*\*\* Full service library. OSAP is included in another full service library's population in the same county.

\* Estimates

N/A = Statistics were not available.

## 2005-06 Public Library Statistics - Expenditures

Listed by Region, then alphabetically by City and Library

<u>LIBRARY</u>	<u>CITY</u>	<u>POPULATION</u>	<u>OPERATING EXPENDITURES</u>			<u>TOTAL</u>	<u>Per Capita</u>	<u>CAPITAL</u>
			<u>SALARY/BENEFITS</u>	<u>COLLECTION</u>	<u>OTHER</u>			

(S) = Main library of a system with branches. Names of branches are listed under main library. Main library totals are for the entire library system and include branch totals in the figures.

Zero (0) in population field = Official Service Area Population assigned only to full service libraries, not to community service libraries.

\*\*\* Full service library. OSAP is included in another full service library's population in the same county.

\* Estimates

N/A = Statistics were not available.

## 2005-06 Public Library Statistics - Collection, Part I

Listed by Region, then alphabetically by City and Library

LIBRARY	CITY	SQ FT	BOOKS		AUDIO		VIDEO	
			LOCAL	REGION	LOCAL	REGION	LOCAL	REGION

(S) = Main library of a system with branches. Names of branches are listed under main library. Main library totals are for the entire library system and include branch totals in the figures. Branch "total materials" may include some regional items as these figures were not broken out.

N/A = Statistics were either not available or were not reported.

\* = Estimates

\*\*/\*\* = Totals not tabulated for this item.

(S) = Main library of system with branches. Names of branches are listed under main library. Main library totals are for the entire system and include branch totals in the figures. Branch "total materials" may include some regional items as these figures were not broken out.

N/A = Statistics were either not available or were not reported.

\* = Estimates

\*\*.\*\* = Totals not tabulated for this item.
